## **MRSC Board of Directors Meeting**

Location: NEOnet Boardroom

Dates Offered: November 2

## **Media Services**

### **Choice Boards**

Choice boards let the students take charge of their learning. Incorporating student choice boards ups student engagement, dedication, and comprehension of key concepts. This session will look at several Choice Board templates and ideas to take to your class!

Location: Virtual Training Only

Dates Offered: October 1

### **Videos In The Classroom**

This session will explore how both teachers and students can use video creation tools in the classroom! Students can create amazing video projects, while teachers can create engaging instructional videos!

Location: Virtual Training Only

Dates Offered: October 7

### **Seesaw**

This Elementary-Friendly web app allows students to create, reflect, share, and collaborate. Students “show what they know” using photos, videos, drawings, text, PDFs, and links. It’s simple to get student work in one place and share with families, and nothing is shared without teacher approval.

Location: Virtual Training Only

Dates Offered: October 7

## **App Smash: Screencastify and Google Classroom**

This session will demonstrate several teaching and activity strategies that would otherwise be impossible without Google Classroom and Screencastify! We will look at creating "Flipped" activities, personalized learning opportunities, and ways to showcase student creativity.

Location: Virtual Training Only

Dates Offered: October 14

## **Creating Interactive Videos with Edpuzzle**

Edpuzzle allows teachers to create meaningful video quizzes with ease! This session will show how to find, create, and manage video quizzes!

Location: Virtual Training Only

Dates Offered: October 14

## **Flipping Your Classroom**

We will utilize some Google tools and other applications to better enrich our students’ learning experiences. This half day session will look at ways that we can flip your classroom a little or a lot to make a better learning experience for our students. We will cover screencasting software and online assessments (just to name a few) that will be beneficial to you as you take your classroom into the 21st century.

Location: Virtual Training Only

Dates Offered: October 21

## **Creating Interactive Slideshows With Pear Deck**

Pear Deck is a tool that allows teachers to actively engage students during slideshows. Students can respond directly to teachers questions with text, drawings, or movable pieces - all in the slideshow!

Location: Virtual Training Only

Dates Offered: October 21

## **Digitizing Assessments**

This session will explore several tech tools that allow teachers to create completely digital formative and summative assessments. Save time distributing, grading, and returning assessments!

Location: Virtual Training Only

Dates Offered: October 28

## **Everything You Need To Know About Loom**

Loom is a great screen recording app for teachers to easily create their own videos! This Chrome Extension lets you record your computer screen to create instruction videos, feedback videos, class rules, and more!

Location: Virtual Training Only

Dates Offered: October 28

## **21st Century Graphic Organizers**

Graphic organizers are a crucial part of the teaching process. With a few modern tech tools, we can update our graphic organizers so they are easier to create, explain, and use in class!

Location: Virtual Training Only

Dates Offered: November 5

## **Beginner G-Suite**

This is your crash course for everything Google. If you are a new teacher or just new to Google being in your classroom, this is the class for you. We will look at all the basic Google Apps and find ways to integrate them into your classroom. We will look at Docs, Drive, Sheets, Slides, Chrome, Forms, and more as we dive into what it means to be a Google Guru!

Location: Virtual Training Only

Dates Offered: November 4

## **Advanced G Suite**

If you are comfortable with all the basic apps in Google, come see this session to step your skills up to the next level! We will cover Google Keep, Drawings, and some advanced features in Forms, YouTube, Hangout/Meet/Voice, and how other teachers have successfully twisted some Google apps into powerful learning tools!

Location: Virtual Training Only

Dates Offered: November 10

## **8 Ways To Get Started With Project Based Learning**

PBL allows students to take charge of their learning in a way that has them solve real problems by offering in-depth, relevant, and creative solutions. This session will discuss how to set up PBL activities, give students the tools they need, and create a product that helps solve a real problem or answer an important question.

Location: Virtual Training Only

Dates Offered: November 18

### Hyperdocs

Check out this session that will show you some great tools and strategies (some pre-made materials too!) that will make students active learners! Hyperdocs put students in charge of their learning in an engaging package!

Location: Virtual Training Only

Dates Offered: November 18

### Media Services Advisory Meeting

Due to COVID-19, this meeting will be conducted via Zoom. Please contact Noah or Tamra for meeting access details.

Location: Virtual Training Only

Dates Offered: November 19

### 3D Design and Printing in the Classroom

This session will explore how to integrate 3D printing, designing, and activities into any classroom! Learn how 3D printing can be used as an engaging way to allow students to problem-solve and be creative in 3 dimensions! This session will not train on any specific 3D printer, rather how to integrate 3D printing into teaching using Tinker CAD and plenty of activity/lesson ideas!

Location: Virtual Training Only

Dates Offered: December 2

### Google Sheets Power Hour

Google Sheets is a great way to organize your classroom in various ways! This quick session will explore tons of ways to make the most of Google Sheets.

Location: Virtual Training Only

Dates Offered: December 2

### Google Applied Digital Skills

Google has created a robust FREE digital skills curriculum called Google Applied Digital Skills. It includes over 80 in-depth and completely prepared lessons and activities that teach students everything from coding to financial skills to Language Arts to study skills. This session will explain how the program works, how teachers can use it in class, and how to assign work to students.

Location: Virtual Training Only

Dates Offered: December 9

### Google Drawings Power Hour

Google Drawings a wonderfully simple and flexible learning tool! Use it for graphic organizers, art, storyboards, mock social media accounts, and more! Check out this session where you'll learn all about ways to use Google Drawings to tap into your students' creative side!

Location: Virtual Training Only

Dates Offered: December 9

## **Student Services**

### **DataMap Refresher**

Please join us to as we review all the features of DataMap. We will cover the ease of loading data, viewing student data, creating custom Student Interventions, adding Students to RIMPs and adding students to your Custom Intervention as well as review of Student Graduation Points.

Location: Virtual Training Only

Dates Offered: October 2

### **DASL Overview - New Users**

DASL Overview is for new users to DASL/StudentInformation. In this session, we will cover navigation, viewing student information, including schedules and contact information. We will also cover how to run reports and reports in Analytics Hub.

Location: Virtual Training Only

Dates Offered: October 5

### **DASL Grad Points**

Graduation Points module is a used to verify if students have met all the credit requirements for graduation and show readiness for next steps in college and/or careers. This involves tracking the students course credits, End of Course exams, or alternative paths to graduation.

Location: Virtual Training Only

Dates Offered: October 8

October 13

October 15

### **FY21L EMIS Staff/Course Checklist**

The EMIS Support Team will cover:

- New FY21 reporting updates
- Walk through tasks for the beginning of year reporting

Location: Virtual Training Only

Dates Offered: October 5

### **GradeBook Report Card Troubleshooting**

For users who run report cards from GradeBook. A review of how to finalize report cards to the vault and publish to ParentAccess. How to troubleshoot report card issues.

Location: Virtual Training Only

Dates Offered: October 8

### **Ad Hoc Training for New Users**

In this session you will learn how to execute existing custom reports, schedule reports, and duplicate custom reports to modify to your own needs. Access to Report Designer is required in order to benefit from this training.

Location: Virtual Training Only

Dates Offered: October 12

## DataMap RIMP Refresher

Please join us whether you used the RIMP process in previous year(s) or if you are new to the RIMP process in DataMap or if you are exploring the benefits of this awesome feature! We will review the RIMP process in DataMap for Teachers start to finish.

RIMPs in DataMap enable districts to streamline their process. Teachers can easily identify students to add to a RIMP while using a simple, easy layout to maintain individual student RIMPs. However your EMIS coordinators will love the benefits of easily updating Not-on-Track status' and RIMP Program memberships directly from DataMap to StudentInformation for EMIS reporting.

Location: Virtual Training Only

Dates Offered: October 13

## DataMap Interventions

DataMap has the functionality to create customized Intervention Programs and customized Intervention templates to enable districts to maintain consistency among buildings and grade levels. DataMap Interventions are also able to be viewed and updated by everyone in your district that has access to that student. In this session we will review how to create Intervention Programs and Templates along with multiple methods to add your student(s) to an Intervention Program as well as how to track your Student Interventions with one click.

Location: Virtual Training Only

Dates Offered: November 4

## **Fiscal Services**

### eFP Notifications Training

This training will show users how to manage their eFP user notifications to fully maximize the system. The notifications to be discussed are:

1. Purchasing Notifications (requisitions, purchase orders, etc.)
2. Human Resources Notifications, including the Employee Access Center notifications, Certifications and New hire notifications
3. Notification Subscriptions
4. Maximizing Cognos Reports

The first hour of the training will be an introduction on the notifications, what they are and how they work. After a short break, we can work with districts individually or schedule a time with them to assist them in customizing their options.

Location: Virtual Training Only

Dates Offered: October 2

### eFP AP Roundtable

This new event will bring together Accounts Payable, receiving and treasurer staff to discuss the accounts payable process at their districts and share any issues and best practices with the group. We look forward to bringing together members of our eFinancePlus network to meet as colleagues and share their experiences in the system in a peer setting.

Location: Virtual Training Only

Dates Offered: October 6

### USPS-R Round Table

This roundtable is for USPSr staff to learn new topics and discuss anything that the districts are having issues with.

Location: Virtual Training Only

Dates Offered: October 9

### USAS-R Round Table

This roundtable is for USASr staff to learn new topics and discuss anything that the districts are having issues with.

Location: Virtual Training Only

Dates Offered: October 9

### eFP Payroll Roundtable

This new event will bring together payroll supervisors, payroll clerks and treasurer staff to discuss the payroll process at their districts and share any issues and best practices with the group. We look forward to bringing together members of our eFinancePlus network to meet as colleagues and share their experiences in the system in a peer setting.

Location: Virtual Training Only

Dates Offered: October 15

### eFP Beginner Cognos Training

This training is for users of eFinancePLUS. Users will be shown how to view reports, create basic queries and develop their own reports using their Live data in eFinancePLUS. Topics in this training session will include navigation of data items, sorting and grouping, filtering, and running reports in a variety of formats, including Excel, XML and PDF.

Location: Virtual Training Only

Dates Offered: October 20

### Fiscal Open Labs

The Fiscal Open Lab sessions are for both State Software and eFinancePLUS users. When you register, please include in the comments the topic you would like to cover and the approximate time you will be arriving. This will help us ensure we have the proper staff available to assist you.

Location: Virtual Training Only

Dates Offered: October 15

October 27

November 12

November 17

December 15

### Redesign Office Hour

This is a bi-weekly meeting for USxS Redesign districts. We will spend the hour answering any questions that districts might have, or processes that you would like us to go over.

Location: Virtual Training Only

Dates Offered: October 21

November 4

November 18

December 2

December 16

### Treasurers Operating Committee

Bi-Monthly meeting for Member District Treasurers.

Location: Virtual Training Only

Dates Offered: October 21

December 16

### **USPS CYE Meeting**

The USAS CYE Meeting will be used to discuss the closing processes and changes made by SSDT. The agenda information will be set closer to the meeting date.

Location: Virtual Training Only

Dates Offered: December 3

### **USPS CYE Meeting**

The USPS CYE Meeting will be used to discuss the closing processes and changes made by SSDT. The agenda information will be set closer to the meeting date.

Location: Virtual Training Only

Dates Offered: December 4

### **USPS-R CYE Meeting**

The USPSr CYE Meeting will be used to discuss the closing processes and changes made by SSDT. The agenda information will be set closer to the meeting date.

Location: Virtual Training Only

Dates Offered: December 9

### **USAS-R CYE Meeting**

The USASr CYE Meeting will be used to discuss the closing processes and changes made by SSDT. The agenda information will be set closer to the meeting date.

Location: Virtual Training Only

Dates Offered: December 9

### **eFP Payroll CYE Meeting**

This meeting is for eFP payroll users during the calendar year end process.

Location: Virtual Training Only

Dates Offered: December 10

### **eFP Accounting CYE Meeting**

This is the eFP Accounting calendar year end meeting.

Location: Virtual Training Only

Dates Offered: December 10

## **Technology Services**

### **Technology Advisory Committee Meeting**

The Technology Advisory Committee is composed of District Technology Directors. This Committee assists in the technical operations of NEOnet and provides guidance and direction to the NEOnet Technical Department and the Board of Directors.

Location: Virtual Training Only

Dates Offered: October 1

November 5

December 3
