6th Annual NEOnet Library Mini-Conference (This year, we're virtual)

Because of social distancing requirements, the 6th annual Library Mini-Conference will be held via Zoom.

The upcoming school year will be unlike any in the past, which may seem daunting, but with the combined knowledge and experience of your fellow Librarians and Library Aides, we will find the best road together.

Whether it's teaching classes, doing virtual story times, curating digital resources to support the curriculum, putting books on hold, or promoting ebooks the 20-21 school year is sure to be full of learning and challenges (for students and ourselves). Luckily, we have a fantastic resource to help us... YOU!

So bring your ideas, plans, questions, and concerns about the upcoming school year to our roundtable discussion and we will all learn from each other and help to make the year a success.

Following the roundtable, we'll have Children's Book Author Tricia Springstubb give us a behind the scenes look at the process of writing, working with an illustrator, and getting her most recent book published. Finally, we'll end the day with an engaging YA book talk by one our favorite presenters Christina Getrost from Stow-Munroe Falls Public Library.
